1. "Two Lives" my original song

"Two Lives" my original song

*The italics indicates talking**

I walk alone

Feeling the memories

I know where I used to live

I remember every single thing...

I can't stay here

I'm half of a whole

I can't let go

I'm torn,

I'm torn

Between two lives

I know all the herbs and remedies

Juniper for bellyache, yarrow for poison, marigold for infection

But somehow

I'm just a shell...

I'm just a shell of a spirit

Just a shell of a spirit

I can't stay here

I'm half of a whole

I can't let go

This isn't me!

I'm torn

I'm torn,

Oh, I'm torn

Between two lives

This isn't me!

They all whisper behind my back

They don't know me

When they look at me now

She's all they can see

I can't stay here

I need to run away

Tongue tied

Paws scratched

And a heart feeling broken

Cause I can't let go...

I don't have a choice

The fire rages inside of me

My destiny,

I can't decide

This is my fate!

I can't stay here!

I'm torn

Oh, I'm torn

I'm not torn by two lives!

I cannot be me...

'Cause I'm torn

Oh, I'm torn

Oh, I'm torn by two lives

I'm trapped

In the flames of my past

The fire rages inside of me

'Cause I'm torn by

Two

Lives.
